Select the correct version for your computer. Ask an AI tool for help if needed.

Follow the instructions on the Setup Wizard. I use a Windows Operating System.

Open Traders Workstation from IBKR. Happy Trading!

The screenshot displays the Interactive Brokers (IBKR) Open Traders Workstation interface. The top navigation bar includes 'File', 'Account', 'Help', 'IBot', 'FYI', and 'IBKR ForecastTrader'. The top right shows 'DATA U21726697' and 'IBKR PRO' with a timestamp of '17:32:02'.

Order Entry: Shows an order for 'SPY' with a quantity of '100' and a limit price of '686.50'. Buttons for 'BID', 'MID', and 'ASK' are present. A dropdown menu indicates 'MidPrice'.

Option Chain: Shows options for SPX INDEX with columns for Last, Change, and Volume.

Market Data: A candlestick chart for 'SPY' over '10 min candles' from Feb 25 to Feb 26. The chart shows a significant drop on Feb 26. Below the chart, a message says 'Submitted orders appear here, where you can monitor, modify or cancel them'.

News: A news feed at the bottom right lists various financial headlines with their sources and ranks.
